### BOTH HELD TO BAIL.

Charley Staines and Al. McGoodwin go to jail in default of bail.

The case of The People vs. Charley Staines and Al. McGoodwin, charged with being implicated in the theft of two steers from Joseph Arthur in February last, the particulars of which robbery were given last evening, was concluded before Justice Lowry in the court room at eleven o'clock. The Justice rendered quite a lengthy summing up of the testimony and concluded by stating that in his mind there was a reasonable probability of the guilt of the parties and that he felt it his duty to hold them to await the action of the next grand jury, which will assemble at the September term of court. The Justice placed the bail of each prisoner at \$500, in default of which both seemed close to the county jail. The grand jury and the court had been concerned in the robbery. The testimony against the two latter was wholly circumstantial.

"The Terrace" at Greenwood. The officers of the Greenwood cemetery have lately made very handsome improvements about the grounds, chief among which is "The Terrace," embracing about 75 beautiful lots just below the entrance. In the midst of the terrace is a large oval-shaped flower bed, which is to be kept alive with blooming flowers at the expense of the association. At each corner of the oval will be placed a large vase which will add greatly to the beauty of the terrace, which is pronounced the most desirable and most beautiful section of Greenwood. There is a general demand to get possession of the lots, and to satisfy everybody the association has arranged for a special sale on July 7th, at 3 p. m., when all will be given an equal chance to purchase such lots as "The Terrace" as they may desire. The association has already fixed the minimum or lowest price they will accept for the different lots, and at the sale if there is a rivalry and any one wishes to give a higher price, the one out-bidding the other will get the lot in question. Remember the day of the sale, Tuesday, July 7th, at 3 p. m. The plot may be seen at the office of Secretary Montgomery.

ORDER LOGAN'S CATTLE RANCH. The midnight passenger train, north-bound, on the Illinois Central railroad, struck a batch of cattle on the track a half mile north of Elvira station last night, and killed three of the bunch outright. The engineer did not observe the dark obstruction on the track until too late to stop the train, and screeching the alarm, with only a thought for the safety of the train and passengers, he pulled the throttle wide open, hoping by the rush to throw the cattle right and left. The train went through without being thrown off. The cattle belonged to Oliver Logan, living a half mile east of the scene of the accident. Two of the cattle were milk cows with young calves. A fourth cow is missing. She is believed to have been crippled. The dead cows were worth about \$60 each. The cattle got out of the Logan pasture last evening and through an over-sight they were not brought back.

ROAD DEATHS. Within the past few days Frank Lefore has closed the following sales: Catherine Yeager sold to Michael Elchinger a house and two lots on North Main street for \$2,500.

M. B. Thomas sold to Catherine Yeager a house and lot on North Monroe street for \$2,500.

Michael Elchinger sold to Catherine Yeager a house and lot on Cerro Gordo street for \$1,000.

Accidents. Yesterday John J. Bateholder, in Illinois township, was severely injured by cattle in his field. He suffered no fractures, but he was badly bruised.

In Long Creek township yesterday Scott Nicholson, 17 years old, grandson of Robert Wallace, was severely injured by a runaway accident in a cornfield. Scott was changing the team when the horses became frightened. The cultivator plow fractured two ribs, drove one of the blades into his side, and bruised his arms and limbs. Dr. Wallace, of LaPorte, attended him. The young man had a narrow escape from a frightful death.

Yesterday morning F. L. Wood and family, 14 E. Pratt and family, Mrs. Brown, Mrs. Dancker, Amos Conklin and family, and Cor. Chain will leave for Spirit Lake, Iowa, to attend the Methodist camp meeting to be conducted by Rev. Dimmitt. They go by way of the P. & E. and Iowa Central roads, and will be absent several weeks. Other Decatur people will go on later trains.

Drama Dramatic Show. The Jean Craven drama company, which is to begin a week's engagement here Monday night, comes well recommended by the press. A daily paper at Evansville, Ind., said:

"The fact that Miss Jean Craven is an actress of rare ability, and that she is supported by a first-class company, accounts for the crowded condition of Empire Hall last night. Every seat in the large hall was occupied, and when the play began, the audience could not restrain their admiration for the little lady who is doing wonders and displaying the finest of dramatic ability. We feel confident that a thousand witnesses will bear testimony with us this morning to the effect that Miss Jean Craven is the most talented dramatic artist that has ever appeared before an Evansville audience. The entire company is first-class, and we are glad to see that they are being appreciated by our people. This evening the company will produce 'Emeralds'."

Admission each evening, 10, 15 and 25 cents. Change of bill each night.

Sold Out. Just evening the Leiby Bros., George and William, sold their old-established bakery on East Main street, to Charles Cummings and Carl Schlick, two practical bakers, who have worked for the Leiby & Co. The transaction will be given on July 1st, when the Leiby Brothers will retire. They have simply sold the wagons, horses and shop outfit to the purchasers, not the building. It is probable that within a few months the brothers will leave Decatur and locate in business again at some point in Kansas.

This week a slick-looking chap, giving his name as J. H. Burke, tried to swindle Peter Ullrich, J. G. Danzosen & Son and T. L. Astor in a business transaction, in the way of purchasing groceries, meat and ice for an alleged gang of bridge carpenters. A party named Reeves was in with the fellow. The scheme was a failure. They are frauds.

### Horn Burned and Horse Killed.

A terrific storm prevailed last night in the vicinity of Emory, Macos and Clinton, accompanied by thunder and lightning. A half mile east of Emory station the small barn of Thomas Clinton was struck by lightning, set on fire and totally destroyed, together with adjoining sheds and most of their contents. One of Mr. Clinton's horses was struck by lightning and instantly killed. Other horses in the barn were uninjured. Mr. Clinton's loss is heavy.

Taking the Census. Prof. J. H. Coonrath who is engaged in taking the school census of Decatur, for the use of the Board of Education, and also by direction of the council, making a count of the entire population of the city, has completed his work in three of the wards.

First Ward.....3,599  
Second ".....2,155  
Third ".....2,155

The Fourth and Fifth wards are not completed, and the total population cannot be ascertained until one day next week. In the first ward, north of the Wabash road, Mr. O. found 2,335 people, which leaves only 1,261 south of the railroad. It is estimated on the figures given above that the population of Decatur is between 13,000 and 14,000. It will hardly reach 15,000.

Street. The house of Mrs. Rambo, a widow, at Orleans, was struck by lightning last night. Mrs. Rambo was standing within three feet of the cooking stove when the lightning struck the chimney, shattering it and the stovepipe, but doing no injury to the lady. A heavy rain fell in that vicinity, doing considerable damage to corn.

A New Home. Attorney Bruce I. Storer has taken possession of his new and pretty home, lately erected on the corner of Condit and Warren streets, in the first ward. It is a structure of the Eastlake style, containing two large rooms, parlors, closets, etc., and was built at a cost of \$14,000 by Charles Schaefer, the painting being the work of Curtis & Boyle. The dwelling is one of the handsomest for the money in the city, and stands on a corner having a frontage south of 48 feet and running back 162 feet.

PERSONAL MENTION. Rev. S. P. Hoy has a very sick child at his home.

Col. R. B. Latham, heretofore president of Lincoln University, has resigned. Jas. A. Latham was elected to fill the position.

Miss Lizzie Guehnst, student at Ann Arbor, Mich., arrived home last night to remain here during the summer.

Hon. and Mrs. William Young, of Philadelphia, are guests of Dr. W. A. Burrous and family. Mrs. Y. is a sister of Mrs. Burrous.

Misses Fow and Gharrett, of Delavan, who have been visiting relatives in this city, departed for their home this afternoon, accompanied by Miss Gertie Randolph.

Dr. O. F. Cornman, the dentist, has been very seriously ill at his residence since Sunday last. He is delicious at times, when his condition is such as to occasion alarm.

Mrs. Joseph Gates and son have arrived in the city from Orlando, Florida, whither they went last fall. Mr. Gates will remain in Illinois. He is in improved health. Lately he made a ten-trip in the purchase of land, and is now improving the same.

James H. O'Neil, of Lincoln, Neb., is in the city on a flying visit. He has been conducting the making of a new plan of America at St. Louis, and thought he would pay his old Decatur friends a visit. Mr. Kornmeyer, his partner, is in business at Wichita, Kansas.

W. Z. Wainsley has been employed as a solicitor for the Commonwealth Mutual Fire Insurance Co. of this city. He comes highly recommended as a gentleman whose representations are worthy of the confidence of the governing public. His field of operation will for the present be confined to Macos county.

The citizens' committee appointed to go about the city and collect at least \$500 for the celebration on July 4th, have been performing their duties within the past few days. They have secured the sum required. It will be at the disposal of the Trades Assembly organization, and will be used to meet extra expenses.

Gene Awny. E. L. McMillan, the Decatur agent for the I. D. & S. road, has declined for quite unknown reasons, taking with him all the money he had received, \$107.71. He was acting during the temporary absence of Agent Abbott, and came from Indianapolis. He has gone to Canada.

The Draper Uncle Tom company appeared at the opera house last night and gave a fine rendition of the old but ever new play. There were two Toppies and two Marbles, and Mr. Bailey personated Uncle Tom true to life. It is Draper's best company. Matinee this afternoon. Go to-night.

### MAN ABOUT TOWN.

I don't see how Fire Chief Wayne is going to make any very great additions with the \$10,000 set aside for him by the city council to use for the benefit of the fire department. Fully \$5,000 of the sum will be eaten up before the year is out to pay the men for their services, and that will leave but \$5,000 with which to buy a new chemical engine, equip a hook and ladder company properly, and build a new fire house which it is said is badly needed so that the service can be improved. The aldermen see fit, however, to go slow in the matter of appropriations, but they cannot travel too rapidly with reference to the fire department. A big fire in one of the business blocks with a strong wind blowing would arouse the council and the people to the seriousness of the situation.

I am told by a member of the Knights of Labor order that there are fully 75 Wabash shop-men in Decatur out of work, and that not less than 90 or that number have families depending upon them for support. Their immediate necessities are met by the order who give them weekly benefits. The idle men do not seek other employment. They are railroad men, and say if they were to do anything else they would be doing a wrong to other workmen in the city. It is stated, further, that the Wabash men will make an official proposition to General Manager Talmadge at St. Louis next week, and that they hope the conference will result favorably for the looked-out men. I am not informed as to the nature of the proposed proposition, but it is one which will have considerable effect on the present situation. In the meantime everything will remain quiet at all points along the line of the Wabash, and the United States deputy marshals on duty will continue to have easy work.

Predictions are made that the Springfield club will defeat the Decatur Reds at the Park next Tuesday afternoon, but the Decatur men will not go back on the Reds, who are getting in trim for the contest. The game will draw a large crowd. The band will be there, and so will the ladies, who will be admitted free.

The trial of Staines and McGoodwin, for stealing cattle, impressed the spectator that somebody must be doing some tall lying. The convicts swore to one statement of facts lying the prisoners in the stool, and when the defendants got on the stand they gave evidence pointing toward their complete innocence of the serious charge. Bill Carlier looked daggers at Charley and Al, and felt that he would like to see them in the court room were quite affecting to some.

Decatur will be depopulated to-morrow of all who vote on Sunday excursions and the pleasures thereof. Both the Midland and the P. & E. will run daily trains to Peoria and return. Hope all will have a pleasant trip and return home in good season in a comfortable frame of mind. Peoria is a very bluish city.

"Where is the Wabash pay car?" is a question frequently propounded by various business men, as well as by the employees of the road. It is sentimentally stated that it will reach Decatur about July 1, and will cost about \$35,000 to the men. The car should have arrived on the 20th.

The coming of the Forepaugh circus on the 11th of August is such a subject that the N. Y. at Danville has information that it will visit Decatur on that date.
